

HEALTH AND SAFETY –STATEMENT OF INTENT

Scalby Learning Trust are aware of the fundamental importance of maintaining a safe environment for its students, staff and visitors that complies with national statute. To this end, the Trust will ensure that:

- all academies will comply with all U.K. health and safety law through the adoption of the NYCC health and safety policy
- all academies undertake regular health and safety inspections through NYCC and comply with any recommendations made within the time frame specified
- all academies provide appropriate training to their staff to ensure they can undertake their work safely
- health and safety is monitored in each academy by the CEO on a half termly basis
- health and safety matters are reported to the Trust board every meeting through the CEO's report and any concerns are noted in writing and resolved as soon as is practicable.
- an annual review of health and safety review is carried out by the Trust board and the findings reported to the Members at their Annual General Meeting.
