

10th September 2025

Dear Parent/Carer,

**Humanities Enrichment Trips – Including the Newly Announced Berlin Visit**

We are pleased to offer a range of enrichment opportunities through the History and Geography departments, including the recently announced Berlin trip. These experiences are designed to inspire and engage all Year 9 pupils, and we are committed to ensuring that every student has access to them—regardless of their chosen GCSE subjects.

To clarify: participation in any Humanities trip will not be dependent on your child's GCSE option choices. For example, a student who opts for GCSE Geography may attend the History trip, and vice versa. This approach allows pupils to explore both subjects freely before making their final GCSE decisions later in the academic year.

Should interest in any trip exceed the number of available places, a random selection process will be used to allocate spaces fairly.

We hope this policy eases any pressure around GCSE choices and encourages pupils to take full advantage of the enriching experiences we proudly provide.

Thank you for your continued support.

**Yours faithfully,**

**Mr Hall**

**Teacher of History**
